Tesla has no plans to implement level 4. Level 3 and lower does require a human. When you read up on the FSD, AP and NOA features in the manual it is very clear what each feature does and doesn't do so I don't see anything misleading about what they chose to name FSD. I am curious however about what they are going to call Level 5 when it arrives?

[Charging at Home - Tesla Owners](#)

I think it would be interesting to know the number of Tesla owners that will ever use FSD. Unless you have a soul crushing commute why give up driving a car that's really fun to drive. If the % of FSD users is small, why do the non-FSDers have to live w the compromises (like the latest update) entail?
